

REPORT

THE ROMANIAN INTERNATIONAL CHAMPIONSHIP

27-28 October 2012

The Romanian International Championships took place at Rasnov on the Valea Carbunarii Jumping Hills on 27-28 October 2012. The competition is marked in the Romanian Ski Biathlon Federation's Calendar and is part of the Program for developing ski jumping in Romania. This project was initiated and is now carried out by the RSBF in collaboration with OMV and Rasnov City Hall.

Objectives of the competition:

- Promoting the young talents in ski jumping;
- Specific training of the athletes included in the national teams (during the competition each athlete's preparation and evolution was closely analyzed) ;
- The ability of organizing a competition at international standards (preparation for the following competitions: FIS CUP 19 – 21 January 2013 and EYOWF 17 – 22 February 2013);
- Creating a homogeneous team for organizing competitions in the future: Race Secretary, Judges, Volunteers;

Achievements:

- ✓ Over 80 athletes participated in the competition, organized on 3 jumping hills: K 15m, K 35m, K 64m;
- ✓ The Rasnov Jumping Hills from Valea Carbunarii were promoted among the international teams of Bulgaria and Hungary;
- ✓ New performances were obtained on different instruction levels on the K 15 Hill (31 young athletes, born between 2003 - 2005);
- ✓ A great technical performance was reached through Blega Stefan's record of 40m on the K35 Hill;
- ✓ The **national record** of 72 m, was registered by Tudor Remus on the K 64 Hill;
- ✓ The total points for technical performance was higher than during other competitions in the past;

- ✓ The ability of organizing an International Competition according to FIS and ICR Rules
 - the Jury's working schema previewed at the beginning of the competition was fully respected
 - the style points given by the Judges were homogeneous; no big difference were noticed;
 - regarding the length of the jumps, no appeals or complaints were registered;
- ✓ The Organizing Committee respected the starting time, as established during the Team Captains' Meeting. The changes that came up during the competition were due to weather conditions; a storm was being announced. As a result, the 3rd jump on K15 hill was cancelled to gain time for the K35 competition. On K35 and K64 Trial Jumps were cancelled too and competition started with the 1st competition Round.
- ✓ The number of volunteers increased from both Rasnov and Sacele Cities. They have enthusiastically expressed their wishes of participating in future competitions. A homogeneous team of volunteers was created and we can fully rely on it for further competitions;
- ✓ As reflected in the homologation certificates, the technical profile of the hills and infrastructure of the sports center allow a proper organization of competitions (according to ICR Rules) The ski lift, the Race Office with the well equipped secretariat, the Antidopping Room, the locker room and toilets for athletes have an important contribution for organizing any event on the ski jumping sport center in
- ✓ The sport center is supervised by specialized technical personnel, employed by Rasnov City Hall
- ✓ Rasnov City Hall welcomed and offered accommodation to the foreign participants.
- ✓ Information about this event were spread by means of promoting posters (see Annex 3)
- ✓ The media impact was of a big amplitude; A beautiful TV Reportage can be seen at the following link: <http://www.youtube.com/watch?v=qdX5rnyotHI>
